

# Year 1 – Autumn 1

## All About Me!

### English

We will be talking about and describing our family members. We will be reflecting on our own milestones and recording these on a timeline. We will also be learning about instructions and how they are used and apply them to our own writing. This will be linked to our class texts.

### Maths

This half-term we are focussing on number recognition and place value in a 2-digit number. We will also start looking at simple addition and subtraction number problems.

### Science

This half-term we are going to be learning about materials and their properties. We will be describing and comparing differences in materials and why they are used for different purposes.

### Music

We will be looking at introducing different styles of music focusing on the beat.

### Geography/History

We will be looking at the history of our family within our own living memory. We will be looking at similarities and differences from when we were a baby to now.

We will also be learning about our local area and landmarks.

### Art/DT

We will be exploring various media to create spiral artwork in the style of the artist Molly Haslund.

### Computing

We will be learning how we use computers and other technical equipment. We will also be learning how to use computers correctly and safely.

### RE

Linking in with our work on our families. Our RE topic is Belonging.

### PE

Netball and Football
